

Birkenhead Bridge Upgrade Works

In 2020, the South Australian Government announced the Birkenhead Bridge Upgrade Works Project.

The \$3.73 million State Government funded project will be delivered by the Department of Planning, Transport and Infrastructure.

This project is to replace the Birkenhead Bridge timber roadway deck with a Fibre Reinforced Polymer deck, and the eastern timber footpath with an aluminium footpath. Works will also include associated steel protection works, bitumen surfacing and line-marking. These essential works will ensure the bridge's long term structural integrity and safety for all users. The Birkenhead Bridge is a State Heritage item, which makes works more complex and increases project costs.

Construction is expected to commence mid-year and be completed by December, weather permitting.

Community Information Drop-In Sessions

We invite you to drop into a Community Information Session to meet the project team, learn more about the project and ask any questions you might have.

Wednesday 26 February

Port Adelaide Library, Community Room
2-4 Church Street, Port Adelaide
Call in any time between 11am and 1pm

OR Thursday 27 February

Port Adelaide Library, Community Room
2-4 Church Street, Port Adelaide
Call in any time between 5pm and 7pm

If you require further information about this event please
call 1300 794 880 or email DPTI.communityrelations@sa.gov.au
